**Subject:** Burlington-Winooski Bridge Project Virtual Open House and Survey

## Project Update

**DATE:** December 12, 2024

Thank you to everyone who attended the Burlington-Winooski Bridge and Intersection Improvement Project Open House on December 11th! Information presented at the Open House is now available on demand through our Virtual Open House website, and there is still an opportunity to share your input on the bridge aesthetics.

### **VIRTUAL OPEN HOUSE AND BRIDGE AESTHETIC SURVEY:**

We invite you to view the Burlington-Winooski Bridge and Intersection Improvement Project Virtual Open House. The Virtual Open House can be found on the project website or by clicking the link below. Explore different topics, learn more about the project, and then get involved by taking the bridge aesthetic survey.

### **VERMONT ROAD SAFETY SURVEY:**

Our partners at the VTrans State Highway Safety Office are gathering input from Vermont road users to better understand their experiences and concerns regarding road and highway safety. We encourage you to take a few moments to complete the survey and share your feedback. Please note that while this effort is part of VTrans' safety initiatives, it is not connected to the Burlington-Winooski Bridge Replacement Project.

### **CONTACT US:**

If you would like to contact the project team, please email Kimberli Owens at [kiowens@hntb.com](mailto:kiowens@hntb.com) or call (802)276-0348. You may also submit a comment to the project team using the project website.

### **PROJECT LOCATION:**

The Burlington-Winooski Bridge is located between Burlington and Winooski carrying US Routes 2 and 7 over the Winooski River.

This project includes improvements to the intersection south of the bridge in Burlington, involving Riverside Ave, Colchester Ave, Mill St, and Barrett St.

### **PROJECT SCHEDULE:**

Phase I  
Preliminary Design: 2023-2026

Phase II  
Final Design & Construction: 2027-2030
